

Conditions

PRE PROUD AKTIV KLASIK 24 (C01d, C02d, C03d)

A single-tariff product suitable for customers using electricity for usual purposes.

PRE PROUD AKTIV AKU 8 (C25d, C26d)

A double-tariff suitable for customers with storage heaters. The tariff is available only for customers who have an electricity storage heater for heating or water heating. The customer has to ensure that the storage heater is technically disabled at the times of the high tariff.

PRE PROUD AKTIV E MOBILITA (C27d)

A double-tariff product for customers who own or use an electric car and are able to provide appropriate documents proving their ownership title or right to use the electric car.

PRE PROUD AKTIV KOMBI 16 (C35d)

A double-tariff product for customers using hybrid heating systems. Hybrid electrical heating appliances have to be properly installed at the customer's point of consumption. The customer has to ensure that the storage part of the appliance is technically disabled at the times of the high tariff.

PRE PROUD AKTIV PŘÍMOTOP 20 (C45d)

A double-tariff product for customers using electric heaters. The tariff is available only for customers who have electricity heaters installed for the heating of their premises. The customer has to ensure that the electric heaters are technically disabled at the times of the high tariff.

PRE PROUD AKTIV TČ 22 (C55d, C56d)

A double-tariff product for heating with a heat pump. The customer has to provide appropriate documents proving that a heat-pump-based system is installed and used and that the performance of the heat pump is appropriate with respect to the heat losses of the respective premises. The customer has to ensure that the electric heating appliances are technically disabled at the times of the high tariff.
